## SURROUNDEL BY MYSTERY!

A Great Mistake.

A recent discovery is that herdache, distincts, cultuess, confusion of the mind, et ... are die to derang ment of the nerve centers which supply the brain with nerve force; that indigestion, dyspenda, neuralgia, wind in stomach, etc., arise from the derange. ment of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and longs. The nerve system is like a telegraph system, as will be seen by the accompanying rut. The little white lines a rolling across the nerves which

the nerves which coarcy the nerve tree from the ourse centers to every part of the body, just as the electric current is conveyed along the telegraph whese to every station, have or small. Ordinary physicians fail; physicians fall to regard this feet instead of treat-ing the ner of the discount they treat the part affected. Franklin Miles, M. D., LL. B., the highly celebrated

specialist and strictent of ner one diseases, and author of many noted treatises on the letter subject, long since realized the truth of the first statement, and his Restorative Nervine is prepared on that principle its success in curing all diseases arising from decangement of the nervous system is wonderful, as the thousands of unsolided testimonials in possession of the company manufacturing the remedy amply prove.

The silver wing of the Republi can State Convention unanimously adopted the following platform:

The convention enderses and adopts the platform of the Repubicas State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condemn the Republican party of the Eastern states and the a ministration of President Harrison, insofar as they have failed to accomplish the comrlete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved. That the restoration of silver to the place it peopled previous to the passage or the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth. And we favor the continuation of agitation and contention for the free and unmitted comage of silver at the present ratio of 16 to 1, for their own benefit and for the penetit of the people at large miners, farmers, laborers and me chanics.

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembl-300 NICE ROOMS. ed, do set forth the following declaration of principles:

Fist. We demand to full remon tization of sliver and the free and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the Nation al Republican and Democratic parties on the question of the free coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the Cr. United States, and especially to those of Nevada and all the other mining states and territories, and we therefore repudiate the nominees of their convention.

Third. We plodge the nominees of this convention for Presidential electors to support no wan for President or Vice-Presiden, of the United States who is not unequivocally in favor of free coinage as defined by this convention. We reseave to the silver leagues of Nevada, in Convertion assembled, \$1 the right of directing said Presidential electors for whom to cast their votes, should contingencies GEO. S NIXON. require. Cha rman State Committee of Silver party.
